PERSIGN ASSIGNMENT CONTROL OVERRIDE CODES

The following codes will cause the Staffing System to bypass selected or all Assignment Control Checks for personnel assigned to positions or Organizational Groupings.

Reference: PERSIGN Override Control Dictionary (PEROVCON)

<u>Code</u>	<u>Description</u>
50	Master Override - Bypass all assigned control checks
51	Assignment to a 'LIMITED' position and the current incumbency of the position equals or exceeds the planned incumbency and a 'OVERLAP' SSN is not specified.
52	Assignment to an Incumbency Allocation Position
53	Assignment to a position that the GRADE of the <u>position</u> is more than two grades higher than the grade of the <u>employee</u>
54	Assignment of an employee to Pending Reassignment Group
